SASKATOON
WILLOWGROVE

The graphic features a portrait of Ken Cheveldayoff on the left. To his right is a large red poppy flower. The background is black with white and yellow horizontal stripes. The text is in various fonts, including bold sans-serif and script.

HOW TO WEAR A POPPY

The Poppy should be worn with respect on the left side, over the heart. The Legion's lapel Poppy is a sacred symbol of Remembrance and should not be affixed with any pin that obstructs the Poppy.

When to wear a Poppy:

The lapel Poppy should be worn during the Remembrance period, from the last Friday in October until November 11. The Legion encourages the wearing of Poppies at funerals of Veterans, and for any commemorative event such as a memorial service, or the anniversary of the Battle of Vimy Ridge. As well, it is not inappropriate to wear a Poppy during other times to commemorate Fallen Veterans and it is an individual choice to do so.

PROFOUND SADNESS AS WE LEARN OF A SASKATCHEWAN FARMER KILLED FIGHTING IN UKRAINE

Photo credit SaskToday

A Saskatchewan man has been killed fighting in eastern Ukraine, the second Canadian known to have died defending the country against a Russian invasion. A Canadian military veteran from Saskatchewan has died while volunteering on the front lines in Ukraine, according to family members.

Joseph Hildebrand, 33, was killed while out on a mission in Ukraine a couple of days ago, his brother Jacob Hildebrand told the Star on Tuesday. Joseph was from Herbert, a town of about 800 west of Regina.

CTV News:

HERBERT, SASK. -

The family of a Saskatchewan farmer who served with the Canadian military in Afghanistan says he has been killed fighting in Ukraine.

Joseph Hildebrand, 33, died recently in Ukraine, said his brother Jake. The family was notified by some other people in his unit.

"He was a good man with strong values who stood up for what he believed," Clayton Hildebrand, his third cousin, said Tuesday.

SASKATCHEWAN LEADS THE NATION IN MERCHANDISE EXPORTS

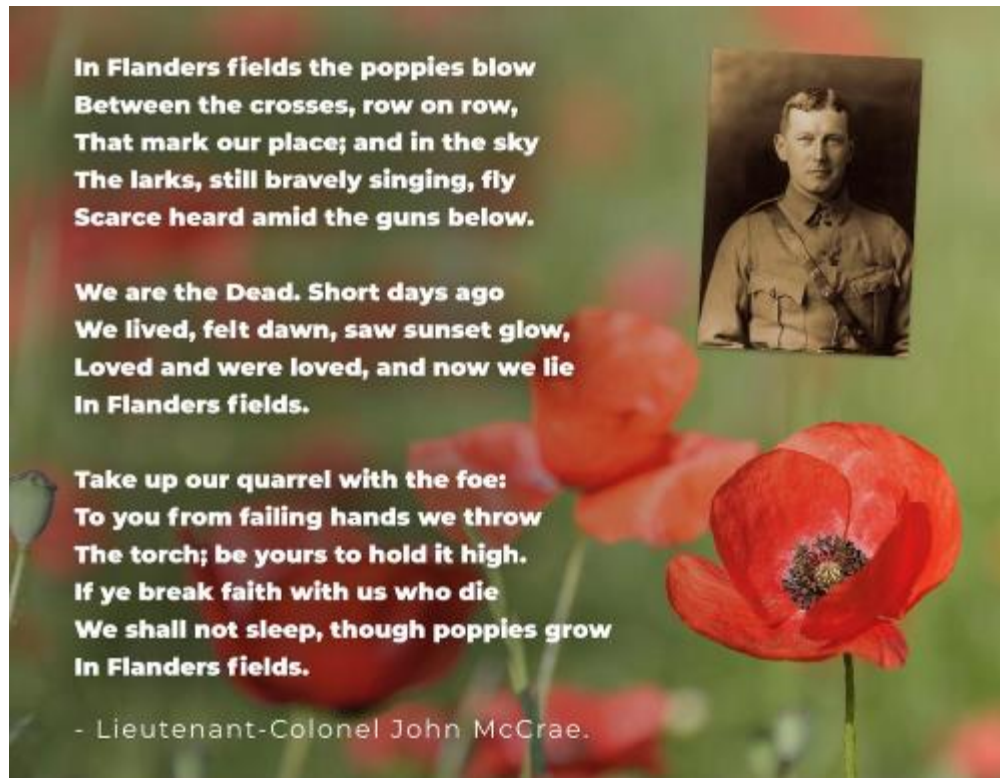

November 3, Statistics Canada released numbers showing that Saskatchewan's merchandise exports increased by 45 per cent in September 2022 compared to September 2021, the highest increase among the provinces on a seasonally adjusted basis.

"It's clear that Saskatchewan has everything that the world needs. From food, to fuel, to fertilizer, this province continues to lead the nation," Trade and Export Development Minister Jeremy Harrison said. "We are attracting investment and growing our export markets to ensure our economy remains strong and that everyone in Saskatchewan benefits from that growth."

[Saskatchewan Leads the Nation in Merchandise Exports | News and Media | Government of Saskatchewan](#)

IN FLANDERS FIELDS

As Remembrance Day approaches let us take some time before hand to ponder the sacrifices made by those who came before us. And how they secured this beautiful nation that we enjoy today. One of those heroes was Lt John McCrae. He, and all the others, make us proud to be Canadians.

LEADING INFLUENCE SASKATCHEWAN MLA PRAYER BREAKFAST

I had the pleasure of attending a very inspirational breakfast last week. The picture above is of a fantastic group of individuals that shared the table at the event.

Lisa Peters did a wonderful job as Emcee for the 2022 Leading Influence MLA Prayer Breakfast. The event was held at Conexus Arts Centre and was hosted by Fred Hill of Leading Influence. Mr. Hill, provides Chaplain services for elected officials. I had the opportunity to join several MLAs from across the province.

Victor Thomas / Lisa Peters

The morning was highlighted with guest speaker, Victor Thomas, President & CEO of Canada-India Business. Victor always does an amazing job and captivated the audience with a message about how he integrates his personal, professional and spiritual life.

I sincerely thank everyone involved in planning and executing such a meaningful morning.

SUPPORT YOUR LOCAL LEGION BY DISPLAYING ONE OF THESE GREAT LAWN SIGNS!

Story repeated from last week's newsletter:

With great appreciation, respect and gratitude for our veterans, I proudly display this lawn sign. In addition to wearing a poppy, the lawn sign is a great way to show your support of veterans by displaying this lawn sign in your yard or business.

While the Poppy is distributed freely to all who wish to wear one, the Legion gratefully accepts donations to the Poppy Fund. An additional way to visually support Saskatchewan's Legion branches and Remembrance is to purchase a **"We Will Remember Them" lawn sign**, available through your local Legion branch. **The signs sell for \$20.**

Every year, from the last Friday of October to November 11, tens of millions of Canadians [wear a Poppy](#) as a visual pledge to honour Canada's Veterans and remember those who sacrificed for the freedoms we enjoy today.

The Poppy Campaign is very much a local initiative, conducted by Legion Branches in cities, towns and communities across the country including Saskatchewan. Donations collected during the Poppy Campaign are held in Trust at the branch level to directly support Veterans and their families within their community and to help ensure Canadians 'never forget'.

Many of Saskatchewan's 8,500 Legion members work tirelessly to distribute poppies to the community through schools, community organizations and local businesses. The Legion is grateful for the support of local businesses who welcome our volunteers and Poppy boxes into their locations.

On a final note, through a new Legion initiative people can visit ["Poppy Stories"](#) (poppystories.ca) to scan their lapel Poppy with their smartphone. They will then be taken to short personal stories about Canadian Veterans who gave their lives in service to our country. This new initiative is a way to further build connections with those who serve our country, and help people make more direct links between service, Remembrance, and our freedoms today."

REPORT FROM THE LEGISLATURE

Saskatchewan is positioned to continue down the path of economic success. Saskatchewan has what the world needs. While many regions face uncertainty, our province is dependable, and ready to provide the fuel, food and fertilizer in high demand.

The 2022 Speech from the Throne highlighted the significant growth that has occurred in recent months. Before 2007, Saskatchewan's population was in a freefall. Since then, our population has grown by nearly 200,000 people or 20 per cent. In the second quarter of 2022, we welcomed 6,500 new residents, the largest quarterly population increase ever recorded, putting us on track to reach 1.2 million people before the end of the year.

Our economy is growing, projected to lead the country in multiple categories. Saskatchewan is showing strong growth in economic indicators such as building permits, building construction investment, housing starts, wholesale trade and retail trade. During the first nine months of the year, over 20,000 more people were employed compared to 2021, thanks to increased private investment and economic confidence. Those new jobs helped to drop the unemployment rate to just 4.1 per cent, the lowest in Canada.

Our government will continue to support those in the province searching for employment. November marks Career Month in Saskatchewan, a chance to thank the professionals assisting in the search while also highlighting SaskJobs Career Services. No matter what stage individuals are at, SaskJobs Career Services can aid anyone seeking training or furthering their career goals. Thousands of jobs spanning hundreds of careers are available on [SaskJobs.ca](https://saskjobs.ca). Those interested in a career in the healthcare sector can explore [HealthCareersinSask.ca](https://healthcareersinsask.ca). As we look to hire 1,000 new healthcare professionals, more positions will be added in the weeks to come.

Our province will see even more jobs after increased support for the Creative Saskatchewan Feature Film and Television Production Grant Program. In our budget last spring, we increased funding to the program by

\$8 million, with 13 different productions receiving support. Due to popular demand, we have increased funding for a second time, taking the program to \$17.5 million for 2022. This investment will generate \$32 million in economic activity and create more than 140 jobs.

The Saskatchewan resource sector is on the radar of a growing list of world nations that need the products our businesses are producing. Billions of dollars are being invested in Saskatchewan, creating thousands of jobs and supporting families across the province. The demand for potash, oil, uranium, forestry and agri-food products, minerals and rare-earth elements will allow our government to invest in expanded programs and services.

Employees, families, and communities are benefiting from this growth. We are adding new healthcare professionals, expanding mental health and addictions services, investing in new hospitals, long-term care facilities and schools. Our government will continue to support farmers with the most comprehensive crop insurance package ever. Another \$12 billion for infrastructure over the next four years will make highways safer, expand access to high-speed internet, and increase our ability to generate power.

We have so many reasons to be optimistic about Saskatchewan's future. Our government is committed to fostering further growth that will create more jobs, more investment and more confidence in our economy. The hard work of our local businesses, outside private investment, and a welcoming economic climate have all helped to drive this growth that works for everyone.

LEST WE FORGET

For the Fallen

With proud thanksgiving, a mother for her children,
England mourns for her dead across the sea.
Flesh of her flesh they were, spirit of her spirit,
Fallen in the cause of the free.
Solemn the drums thrill: Death august and royal
Sings sorrow up into immortal spheres.
There is music in the midst of desolation
And a glory that shines upon our tears.
They went with songs to the battle, they were young,
Straight of limb, true of eye, steady and aglow.
They were staunch to the end against odds uncounted,
They fell with their faces to the foe.
They shall grow not old, as we that are left grow old:
Age shall not weary them, nor the years condemn.
At the going down of the sun and in the morning
We will remember them.
They mingle not with their laughing comrades again;
They sit no more at familiar tables of home;
They have no lot in our labour of the day-time;
They sleep beyond England's foam.
But where our desires are and our hopes profound,

Felt as a well-spring that is hidden from sight,
To the innermost heart of their own land they are known
As the stars are known to the Night;
As the stars that shall be bright when we are dust,
Moving in marches upon the heavenly plain,
As the stars that are starry in the time of our darkness,
To the end, to the end, they remain.
Poem by Robert Laurence Binyon (1869-1943)

Published in The Times newspaper on 21st September 1914.

MORE THAN 18,000 JOBS CREATED YEAR-OVER-YEAR IN SASKATCHEWAN

Unemployment Rate at 4.6 per cent with 6,100 Jobs Added Month-to-Month

Today, October 2022 job numbers were released by Statistics Canada, showing Saskatchewan's strong, continued job growth, with 18,600 jobs added compared to October 2021. Saskatchewan also saw seasonally adjusted employment increase by 6,100 jobs from last month. All jobs were full-time employment.

The provincial seasonally adjusted unemployment rate rose to 4.6 per cent in October, down from 6.3 per cent in October 2021, placing Saskatchewan third among the provinces and below the national average of 5.2 per cent.

"Saskatchewan continues to see one of the lowest unemployment rates in the country," Minister of Immigration and Career Training Jeremy Harrison said. "Saskatchewan is full of opportunity, and with over 50 new jobs created every day over the past year, our province remains the best place to live, work and raise a family in all of Canada. That's growth that works for everyone."

SASKATOON RESIDENTS WILL BE ABLE TO MARK REMEMBRANCE DAY WITH DRIVE-BY TRIBUTE

Canada Remembers Our Heroes, located on Hangar Road in front of the Saskatchewan Aviation Museum, will be accessible for in-vehicle viewing via a slow drive-past until Nov. 11. (Chad Hills/CTV Saskatoon)

An outdoor drive-by tribute street has been erected in north Saskatoon in lieu of the SaskTel Centre's traditional public annual Remembrance Day service.

Canada Remembers Our Heroes, located on Hangar Road in front of the Saskatchewan Aviation Museum, will be accessible for in-vehicle viewing via a slow drive-past until Nov. 11, according to a Canada Remembers Projects news release.

"This drive-by tribute has been created to honour the men and women who have served and sacrificed, and for those who continue to serve our nation in peacekeeping missions around the world," the release says.

\$15.5 MILLION IN FUNDING TO SUPPORT PROVINCE'S LARGEST ENROLMENT GROWTH IN OVER 20 YEARS

\$15.5 Million Education Funding Boost for Enrolment Growth

An **additional 3,840 students** have enrolled in Saskatchewan schools for the 2022-23 school year.*

*According to preliminary data.

saskatchewan.ca

Saskatchewan!

The Government of Saskatchewan is providing a \$15.5 million boost to Saskatchewan school divisions to support higher enrolments for the 2022-23 school year. This funding will ensure school divisions can support students across the province.

Largest School Enrolment Growth in 20 Years

Premier Scott Moe

Saskatchewan's school divisions saw the largest enrolment growth for Saskatchewan schools in over 20 years with more than 189,900 students registered in provincial Kindergarten to Grade 12 school divisions, an increase of 3,840 students compared to last year.

To support this growth, the Government of Saskatchewan will be providing an additional \$15.5 million in operating funding to the province's school divisions for the 2022-23 school year.

"The province is experiencing strong economic and population growth and our government is committed to ensuring that everyone in Saskatchewan benefits from this growth," Education Minister Dustin Duncan said. "That includes ensuring the school divisions have the necessary funding to keep providing high-quality learning environments and supports to all students across the province."

SASKATCHEWAN TO RECRUIT HEALTH CARE WORKERS IN PHILIPPINES

The Government of Saskatchewan is travelling to Manila, Philippines in late November for a targeted health-care recruitment mission to actively promote Saskatchewan's health-care employment opportunities. A series of workshops and information sessions have been planned over five days in partnership with the Saskatchewan Health Authority.

Find more information at [Saskatchewan.ca/HHR-Philippines](https://saskatchewan.ca/HHR-Philippines).

News Release: Minister of Health Paul Merriman announced the Government of Saskatchewan will undertake a targeted health care recruitment mission to Manila, Philippines in late November to actively promote Saskatchewan's health care employment opportunities.

"With a vibrant and growing Filipino-Canadian population, Saskatchewan has a strong and meaningful relationship with the Philippines. With the cooperation and support of the Consul General of the Philippines to Canada, Mr. Zaldy Patron, this mission will allow us to engage directly with Filipino health care workers and attract them to the province," Merriman said. "This initiative is one of the ways our government is delivering on our commitment to attract hundreds of additional health care workers to our friendly Saskatchewan communities which are eager to welcome them."

SPOT A RESOURCE OR ENVIRONMENT VIOLATION? CALL THE TIPP LINE!

**Turn in Poachers
and Polluters**

1,600+
annual calls

To report hunting, fishing and environmental violations, call the 24-hour anonymous TIPP line or report online. All reports are confidential.

\$83,505
in fines

were issued by provincial courts in 2021 for a variety of serious illegal hunting, fishing and environmental offences.

**Rewards
up to \$2,000**

If information leads to a conviction, reporters may receive a reward through a rewards program.

Enforcement statistics for 2021:

1,614 prosecutions	2,835 written warnings
------------------------------	----------------------------------

TIPP Line: 1-800-667-7561
SaskTel Cell #5555
saskatchewan.ca/tipp

Saskatchewan

Help conservation officers protect Saskatchewan's natural resources and environment by calling the toll-free Turn In Poachers and Polluters (TIPP) line to report suspected wildlife, fisheries, forestry or environmental violations.

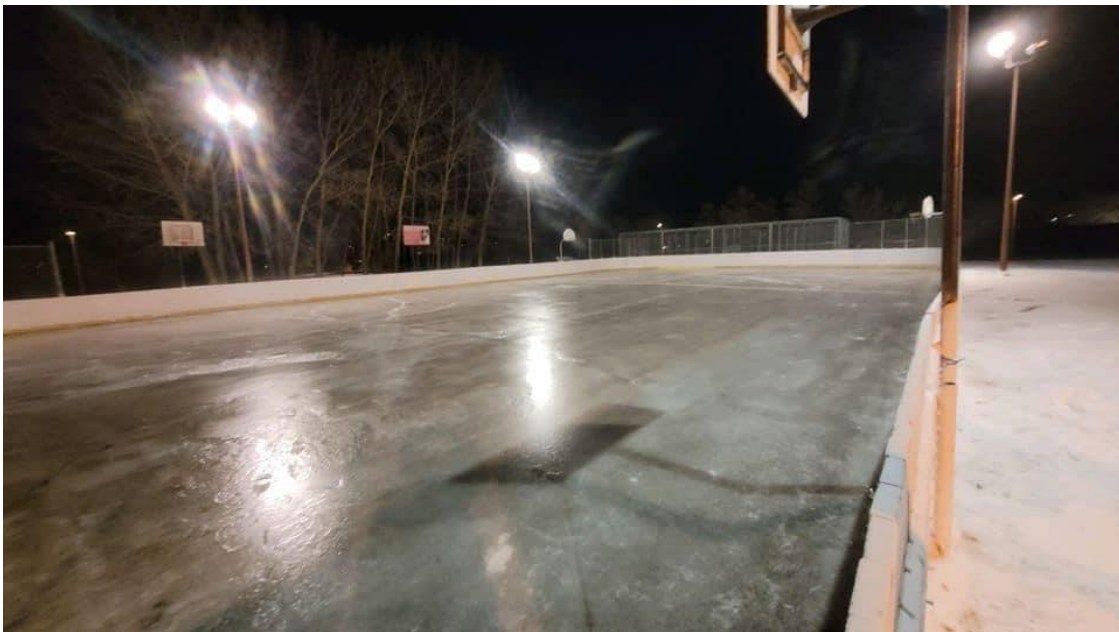

In 2021, the province's 24-hour, anonymous TIPP line received almost 1,800 reports from concerned citizens sharing information about illegal hunting, fishing and timber harvesting, as well as environmental crimes such as illegal dumping. These tips have been invaluable in solving cases and holding offenders accountable.

"Saskatchewan residents place a high value on our province's unsurpassed natural heritage, so it's no surprise they report those who disrespect and abuse it," Environment Minister Dana Skoropad said. "It is so

important that we take these resource and environmental crimes seriously in order to protect the environment for the continued well-being of our communities, the people of our province and the future generations to come."

FOR WOMEN, FOR LIFE, FOR FREEDOM

I had the pleasure of meeting a wonderful lady last month at the WUHCA AGM. Not only has she been serving as the Adult Program Coordinator for the community association, but she is also on the organizing committee for a small symposium on the current situation in Iran, scheduled for **November 25 from 4:30-8:30PM**. The mini-conference will feature talks addressing the current situation in Iran, in the context of the concept and history of feminism in Iran, and its relation to the present situation. The event is being organized by a few members of the Iranian community in Saskatoon, with cooperation and contributions from the University of Saskatchewan, and is being sponsored and partially funded by the Canadian International Council. https://en.m.wikipedia.org/wiki/Canadian_International_Council

The goals of the mini-conference are to raise awareness of current events and political issues in Iran among the non-Iranian community in Saskatchewan, and also to engender cogent conversation and useful insights. The title of the conference is *FOR WOMEN, FOR LIFE, FOR FREEDOM: How Iran protests are inspiring a paradigm shift in the struggle for a better world*.

It sounds like a very interesting event and I encourage you to participate if you wish. Please see the following link to the Eventbrite page: <https://cic8-iran-women.eventbrite.ca>
