BOOK OF CONDOLENCE NOW OPEN TO THE PUBLIC

Books of condolence are now open to the general public to express their sympathies for the passing of Her Late Majesty Queen Elizabeth II.

The locations are as follows:

- Legislative Building (Cumberland Gallery). Public hours for the legislative building are every day from 9am to 5pm.
- Government House in Regina. Public hours for Government House are Tuesday to Sunday from 9am to 4pm.
- Regina City Hall, beginning at noon Friday.
- **Saskatoon City Hall, beginning Monday.**

A virtual condolence book is also available on the Lieutenant Governor of Saskatchewan's [website](#).

These books will remain in the province and will be placed in the provincial archives once the period of mourning has ended.

SASKATCHEWAN PROCLAIMS DAY TO COMMEMORATE THE LIFE OF QUEEN ELIZABETH THE SECOND

The Government of Saskatchewan has proclaimed Monday, September 19, as a day in tribute and commemoration of Queen Elizabeth II.

"Her late Majesty's seven decades of selfless public service is an honourable legacy," Premier Scott Moe said. "We will pay tribute to her incredible dedication and commemorate her 70-year reign in a memorial service in our capital city - the Queen City."

Books of condolence continue to be available for the public at the Legislative Building, Government House, at City Halls in Regina and Saskatoon, as well as the website of the Lieutenant Governor of Saskatchewan. A memorial service is set for 7 p.m. on September 19, at St. Paul's Anglican Cathedral in Regina. Flags in the province will remain at half-mast for Her late Majesty until sunset on that date.

While September 19 is being proclaimed to honour Queen Elizabeth II, it has not been designated as a provincial public statutory holiday.

HEALTH HUMAN RESOURCES ACTION PLAN

The recently announced Health Human Resources Action Plan will ensure Saskatchewan is a top destination for health care workers in Canada with an aggressive four-point plan that will recruit, train, incentivize and retain healthcare workers in our province.

With a target of 1,000 new healthcare workers, Saskatchewan will be well positioned to meet the needs of a growing province today, and well into the future. Health Human Resources Action Plan: This year, 150 seats were added to the nursing programs at the Universities of Saskatchewan, Regina and Sask Polytechnic.

Health Human Resources Action Plan: Attract new healthcare workers in hard-to-recruit positions across Saskatchewan with up to \$50,000 in incentives. <https://bit.ly/3BpeQsI>

IT IS GREAT TO MEET WITH CONSTITUENTS

It was a pleasure to meet with Dr. Aaron Bazylak, Doctor of Medical Dentistry. Dr. Bazylak is very proud to be practicing family dentistry in his hometown of Saskatoon at Fresh Dental. Becoming a family dentist has been a lifelong dream of his and this long educational journey began at St. Edward's elementary school and E.D.Feehan High School in Saskatoon. Aaron's goal of being accepted into dental college in his very own home town of Saskatoon was realized. Aaron not only graduated as the youngest in his class of 2003 but was also the Gold Medal recipient which is an honour given to the one graduate which had the highest overall clinical and academic standing over all four years of dental college

He is a resident of Saskatoon Willowgrove and the incoming President of the College of Dental Surgeons of Saskatchewan.

I was pleased to have the opportunity to meet with Dr. Bazylak and congratulate him on his excellent service to our community and our province.

MOVIE NIGHT FRIDAY!

Another great event put on by the Erindale Arbor Creed Community Association.

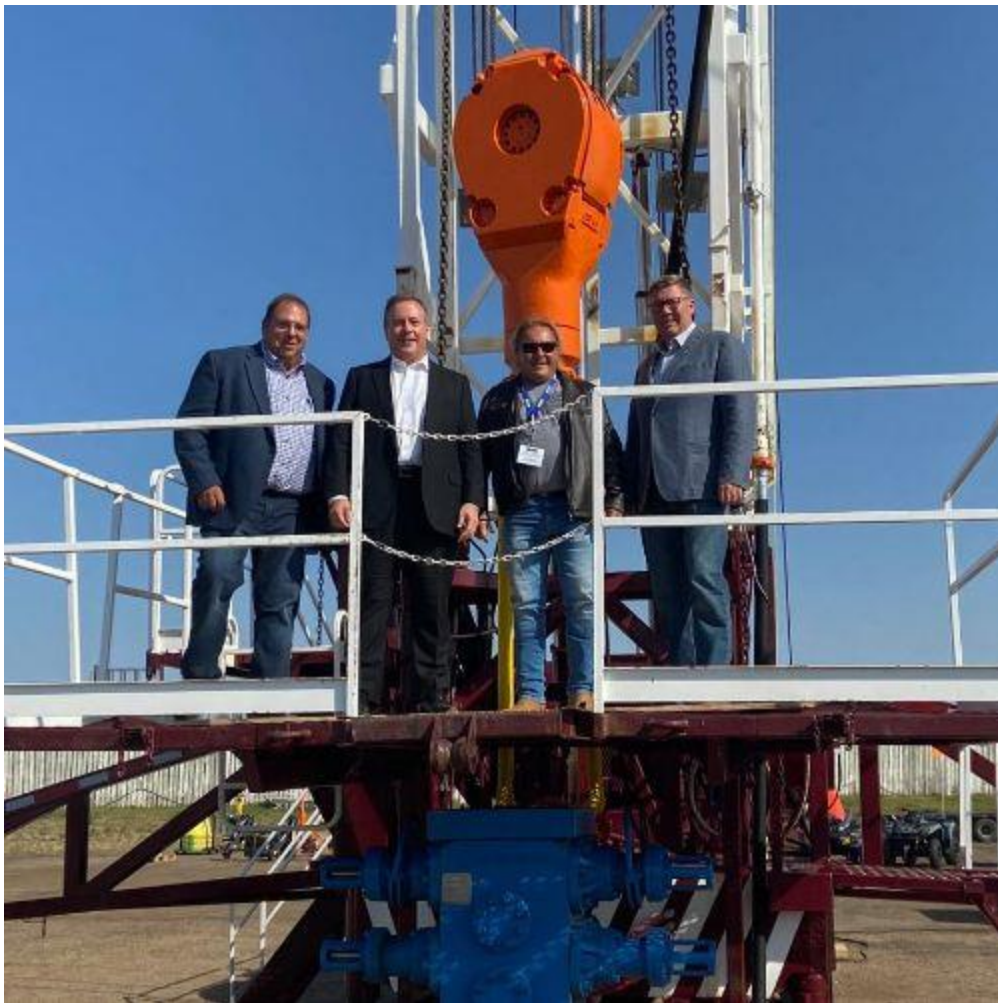

Join them Friday Sept 16th in behind John Egnatoff School for a Community Movie Night. They will start the show right at dusk. Bring blankets and snacks, It is an excellent opportunity to get out and meet your EACCA

board members,

Mark your calendars and get out to enjoy a movie outdoors with the kids and neighbours..

Seating is first come - get down there early!

PREMIER MOE ATTENDS LLOYDMINSTER HEAVY OIL SHOW

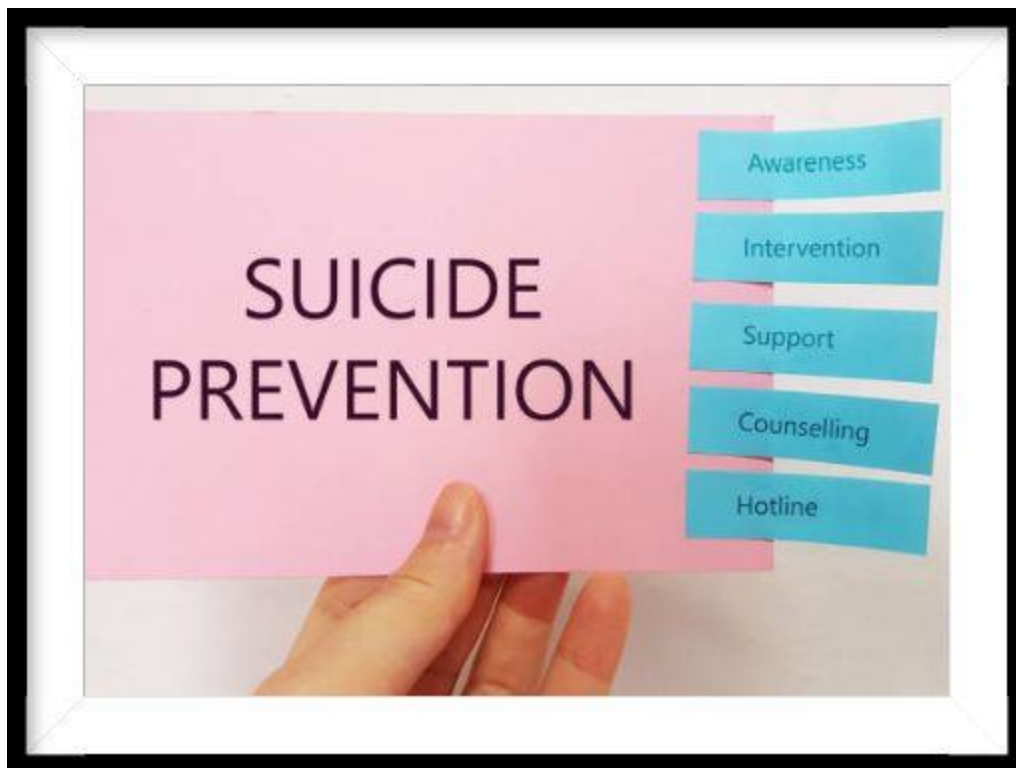

Premier Scott Moe, "It was great to join Jason Kenny, Mayor Aalbers, and industry leaders at the Lloydminster Heavy Oil Show.

Saskatchewan has some of the most high-quality, sustainably produced energy in the world. If every oil producing country were to produce oil like we do here, emissions from oil production would drop by 25% overnight.

Thank you to everyone for putting on this important show, where industry leaders can share western Canada's story with the world."

SASKATCHEWAN RECOGNIZES WORLD SUICIDE PREVENTION DAY

The Government of Saskatchewan recognized September 10, 2022 as World Suicide Prevention Day. Members of the Legislative Assembly are sharing their own experiences so that people who are struggling know that they are not alone, that there is hope and there is help.

"We all have a role to play in supporting our family, friends, and our community through difficult times," MLA for Regina Walsh Acres Derek Meyers said. "Please know that you are not alone, that you are loved, that there is hope, and help is there for you in your time of crisis."

Help is only a phone call away. People who are struggling are encouraged to dial 8-1-1 to speak to a health care professional about the challenges they are experiencing. Healthline 811 is a confidential, 24/7

call-in service staffed by health care professionals who can also help connect you with other supports and services available through Saskatchewan's health care system.

"Losing our daughter to suicide is one of the most difficult things that our family has ever endured," MLA Meyers said. "Teigha's legacy is one of helping others, and with that we carry on each day, working to make Saskatchewan a better place for people struggling with suicidal ideation and other mental health challenges."

REDUCING RED TAPE FOR OIL SERVICE RIGS

The governments of Saskatchewan and Alberta, along with industry stakeholders, have secured a regulation exemption from Ottawa that will allow oil service rigs to move freely between the two provinces.

On June 5, 2019, the premiers of Saskatchewan and Alberta signed a Memorandum of Understanding to help remove provincial barriers to the movement of service rigs.

Since then, they have been urging the federal government to exempt service rigs from regulations under the *Motor Vehicle Transport Act* that prevent vehicles and equipment from moving efficiently between job sites in the two provinces.

“This is long overdue,” Premier Scott Moe said. “Western Canadian Energy is not only among the most sustainable in the world, but also among the safest. We should be removing redundant red tape and barriers that impede opportunity for growth.”

RURAL AND REMOTE RECRUITMENT INITIATIVE

The Saskatchewan Rural and Remote Recruitment Incentive, a one-time incentive of up to \$50,000, will be available to attract new employees in hard-to-recruit positions in rural and remote areas.

As one of the most aggressive incentive plans for healthcare workers in Canada, this program will look to support rural communities and stabilize health care services across Saskatchewan.

DO YOU HAVE YOUR TICKETS? CARE FOR KIDS BY WIEGERS

Join the who's who in Whoville on September 24, 2022 at World Trade Center Saskatoon, Prairieland Park, for Saskatoon's FUNNEST Fundraiser!

Roving entertainers will flood the event and spark excitement from your first glance. Prepare for a parade of the most stunning entertainment you have ever seen! You will be obSEUSSed from beginning to end! Buy your tickets before they are sold out!

LOOKING FOR YOUR FEEDBACK

Survey

The city of Saskatoon is collecting feedback on two feasible locations for a Downtown event centre/area. They are seeking your input to understand what you feel are opportunities and challenges of each potential site.

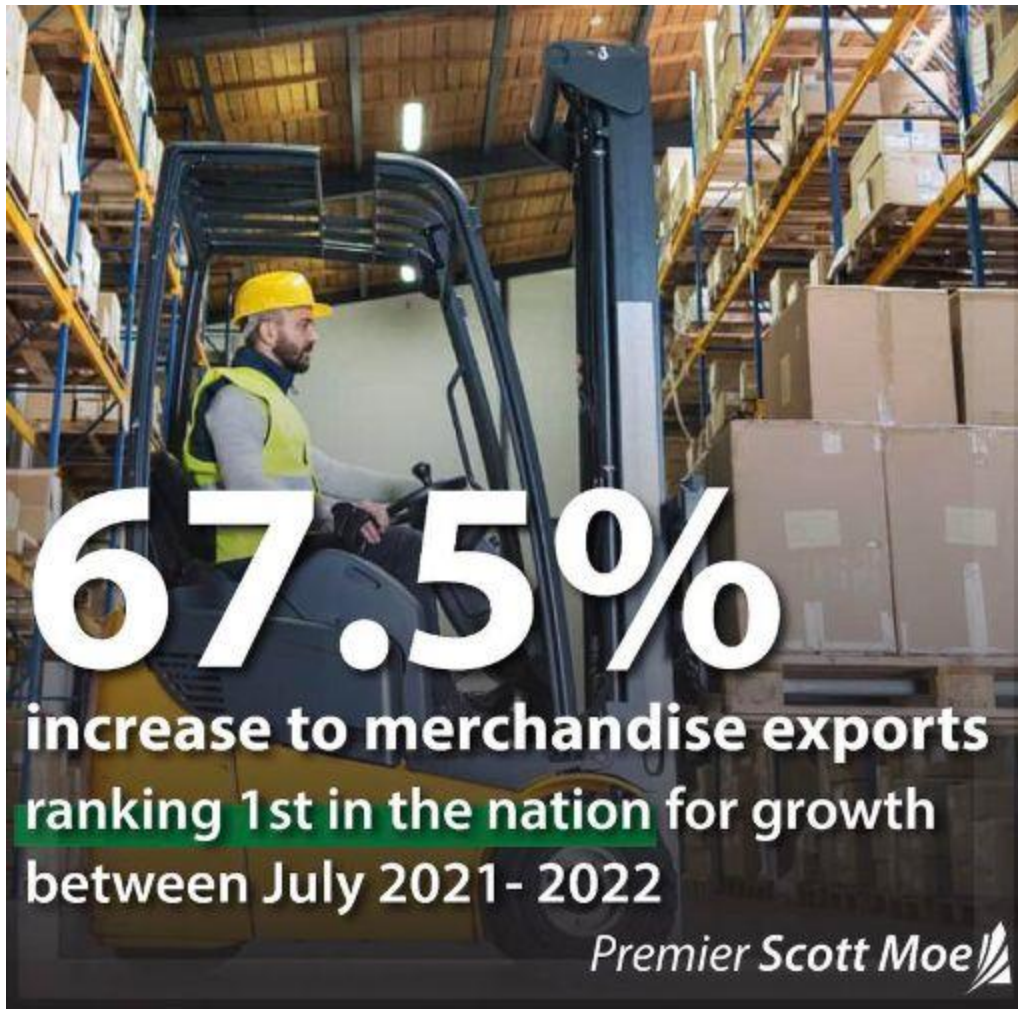

[SURVEY LINK](#)

This survey will remain open for responses until noon on Monday, October 3rd. 'Intercept' surveys are also being conducted in person to hear from residents and visitors across Saskatoon.

The input you provide will provide additional context for City Council to consider when making the final decision on the future location of a Downtown event centre/arena and will remain valuable as the City strives to enhance opportunities and minimize challenges throughout the planning and implementation process.

A THRIVING ECONOMY IN SASKATCHEWAN

Saskatchewan's economy is thriving!

Merchandise exports reached an impressive 67.5% increase, ranking 1st in the nation.

We are proud of our export sectors and the hard work they are doing to generate growth, create jobs and provide high-quality products to economies around the world.

TIM HORTONS SMILE COOKIE 2022 CAMPAIGN

The annual **Tim Hortons Smile Cookie 2022 campaign** is on Sept. 19 through Sept. 25 when 100 per cent of the proceeds from sales of Smile Cookies will support 665 charities and community groups across Canada.

Joining Team Timmies this year to help encourage Canadians to support charities in their local communities are two of Canada's most decorated Olympians and World Champions, Penny Oleksiak and Marie-Philip Poulin.

"As someone who grew up with Tim Hortons and has enjoyed many Smile Cookies over the years, I'm so excited to be supporting this year's campaign and encouraging Canadians to treat their family and friends to some delicious Smile Cookies while supporting an amazing cause in their community," said Penny.

"I'm so excited to cheer on Tim Hortons restaurant owners, team members and volunteers and get involved myself to help sell as many Smile Cookies as possible to make a difference in so many communities," said Marie-Philip.

"It's just a cookie you think, how much of a difference could it make? Well, 100 percent of Smile Cookie proceeds go right back into your neighbourhood. If every Canadian were to buy a Smile Cookie, that's millions of cookies and millions of dollars to help support over 600 charities or community groups."

The first Smile Cookie campaign was launched in 1996, originally raising funds for Hamilton Children's Hospital. Since then, the annual charitable campaign has raised a total of more than \$77 million for charities and organizations selected every year by Tim Hortons restaurant owners. Recipients include local hospitals, community care organizations, food banks and schools.

"At Tims, we're incredibly proud of our annual Smile Cookie initiative that directly impacts each and every community in which we operate", says Axel Schwan, President of Tim Hortons. "With the support of guests, restaurant owners, team members and volunteers across the country, we look forward to directly supporting hundreds of organizations in communities across the country."

To participate in this year's Smile Cookie campaign, visit your local Tim Hortons restaurant or place an order through the Tim Hortons mobile app for delivery.

CROP REPORT FOR THE PERIOD OF SEPTEMBER 6 TO 12, 2022

Ideal conditions over the past week allowed for producers across all regions in the province to make immense progress with harvest. Sixty-four per cent of the crop has now been harvested, up from 42 per cent last week and just ahead of the five-year (2017-2021) average of 57 per cent. An additional 20 per cent of the crop is ready to swath or straight cut. Many producers in the southwest and west-central regions have completed harvest and are on to other field work. There are concerns regarding soil moisture and a good soaking rain post-harvest would be ideal, as soil is drying out across the province after several weeks of minimal precipitation, wind and hot weather.

Harvest is most advanced in the southwest region, where 93 per cent of the crop is in the bin. The west-central has 80 per cent combined, the southeast 57 per cent, the northwest 47 per cent, the east-central 46 per cent and the northeast 41 per cent.

PACKAGING BACK TO SCHOOL LUNCHES

Back to School means getting into the habit of packing healthy and nut-free lunches. But you can also make sure lunches are waste-free!

Reusable products like water bottles, bags, utensils and containers are a great way to reduce the amount of plastics and packaging that end up in our landfills.

Schools can help out too! For ideas on practicing waste reduction in schools, visit:
School | Saskatchewan Waste Reduction Council (saskwastereduction.ca)

DID YOU KNOW?

Household batteries should **never** be included with household garbage or blue boxes.

[saskatchewan.ca/recycling](https://www.saskatchewan.ca/recycling)

Saskatchewan

Did you know: You can recycle household batteries? It's easy!

In partnership with municipalities and retailers, Call2Recycle has established convenient drop-off locations across the province for Saskatchewan residents, including in all SARCAN depots.

Batteries contain metals that can be harmful to the environment. It's important to remember that household batteries should never be included with household garbage or blue boxes.

GOVERNMENT INVESTS \$5.4 MILLION FOR INCREASED WAGES FOR EARLY CHILDHOOD EDUCATORS

The Governments of Saskatchewan and Canada are investing \$5.4 million to provide up to \$2 an hour increase for Early Childhood Educators (ECEs). This is in recognition of the important services they provide in supporting families who require child care. The investment will assist child care centres in providing improved wages in the recruitment and retention of ECEs.

This Wage Enhancement Grant will be funded through the *Canada-Saskatchewan Canada-Wide Early Learning and Child Care Agreement*, which also supports future ECEs with [free post-secondary training](#), professional development opportunities and many other programs. These all align with the joint federal and provincial commitment to improving quality in the early learning and child care sector and attracting, retaining and growing a strong and skilled workforce of Early Childhood Educators.

"Early Childhood Educators provide our youngest learners with quality early learning and the building blocks they need to prepare them for school," Education Minister Dustin Duncan said. "This investment helps recognize the hard work these professionals do every day while creating an incentive for new individuals to begin a career as a certified Early Childhood Educator."

STREET FAIR IN SASKATOON THIS SATURDAY!

The 9th Annual 33rd Street Fair is this upcoming Saturday! Come out and enjoy live music, street vendors, good food, children's entertainment, and more!

FILMING IN SASKATCHEWAN HELPS TO BOLSTER JOBS!

The increase of funding to the Creative Saskatchewan's Feature Film and TV Production Program has already translated into a projected \$20 million in local labour, goods and services.

This program ensures that production companies who film in Saskatchewan use local goods and services to help bolster jobs and opportunities for people in our province.

THOUGHT OF THE DAY

In life we do things.
Some we wish we had never
done. Some we wish we could
replay a million times in our
heads, but they all make us
who we are. And in the end
they shape every detail about
us. So just live. Make mistakes.
Learn. Grow. Have wonderful
memories. But never ever
second guess who you are.
Where you have been. and
most importantly where
it is you are going.
